

Smart Technology, Made to Care

Heat+

Interlinked Heat Alarm

The Heat+ Alarm is a discreet, compact unit which is specifically designed for applications where smoke alarms would be unsuitable, such as kitchens, garages and dusty areas.

It can be easily programmed to interlink with other Smoke+ or Heat+ sensors, ensuring all connected devices alert when needed. The Heat+ is Class A1 against BS 5446-2 meaning it will alarm from 54 to 65°C upwards.

Features list

- Interlinks with other Heat+ and Smoke+
- Simple programming
- Discreet, compact design
- Safety lock to prevent easy removal
- Sealed 10 year device
- Alarm and low battery silence button
- Extra large test button
- Range of up to 600m (line of sight)
